## MORE ABOUT WHO WE ARE

**The 777th Precinct Kingdom Resource Centre is an apostolic resource centre for pastors and leaders in the nations who wish to connect with a grace carrier of the present day truth.**

We are living in the time of global transformation. It is undeniable that the greatest move of God since Pentecost is now taking place in the global Church. Christ Jesus is revealing Himself to the church! God has called His Church (Ekklesia—the called out ones) to manifest on the earth. There is swiftness in the Spirit for the seed of Christ to produce effectively on the earth. This is the firstfruit company that represent Christ accurately, and follow the Lamb wherever He goes. These individuals are configured to challenge “cunningly devised fables” and destroy religious practices that kept the church in bondage and prevented her to enter dominion on the earth.

Our mandate is to nourish; mentor and release sons in order to establish autonomous believers in the house of the Lord. The current church has adopted systems of Babylon and demands major reformation! Many believers are living a life of defeat as they are unaware of their mandate and therefore unable to enter their dominion on the earth. The 777th Precinct is a “Word Intensive” Household of Faith and Wordschool Program, which train believers to fulfill their Kingdom mandate on the earth. You are the king of your domain, and you need to have dominion. This program will help you to identify your purpose and teach you how to rule in the midst of your enemies.

### FOCUS:

Our focus is to grow and establish mature sons of God in the earth that will accurately reflect CHRIST in the earth. We believe that God has mandated us to give impartation to other pastors and leaders in the Nations. Our aim is to do this through weekly and monthly schools.

### Continued:

Our Wordschool meetings are attended by all pastors and leaders who have a desire to connect to Herman and Renette as Grace Carriers and in doing so establish a corporate Temple in the Nations.

The Word is our highest priority above all other programs and activities. At these meetings we will together seek the Lord for direction and instruction on building within the Metron that He has mandated to us in building HIS KINGDOM and not our own ministries and churches.

## MEET OUR GRACE CARRIERS:

Ps Herman and Renette is the spiritual father of this Apostolic Household of Faith.

Herman and Renette are the founders and Executive Directors of the 777<sup>th</sup> Precinct since 1986.

Herman obtained a doctorate in Divinity from the All American University in 2003. He was ordained as a pastor with the United Christian Faith Ministries (UCFM) in 2003. During his involvement with UCFM he was first appointed as a Regional Elder overseeing Region 11 of UCFM which included most countries outside the USA and was thereafter served as the Regional Bishop in that area.

They embraced the apostolic season as an autonomous Household of Faith and Network of Leaders who walk in covenant with them and who choose to connect to the 777th Precinct Alliance Network of partnerships. They also oversee and father several other ministries and churches both national and international.

They submit to the leadership and oversight of Gerda Strydom (Matheteuo Global Ministries) who is in covenant with Dr. S Y Govender of ABC Ministries.
